

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

* * * * *

In the Matter of:

APPLICATION OF BOSTON WATER)	
DISTRICT FOR AN ADJUSTMENT)	
OF RATES PURSUANT TO THE)	CASE NO. 8899
ALTERNATIVE PROCEDURE FOR)	
SMALL UTILITIES)	

O R D E R

IT IS ORDERED that Boston Water District shall file an original and seven copies of the following information with the Commission with a copy to all parties of record by November 15, 1983. If neither the requested information nor a motion for an extension of time is filed by the stated date, the case may be dismissed.

1. The annual report for year ended December 31, 1982, shows revenues of \$73,411. The revised billing analysis shows revenues to be \$71,174. Provide an explanation for this discrepancy.

2. Appendix A in Case No. 4635 shows a Field Service rate at \$2.00 minimum of 1,000 gallons and a rate of 75 cents per 1,000 gallons for all over 1,000 gallons. This rate is not included in billing analysis for present and proposed rates. Please explain.

3. The billing analysis showing revenue from present rates shows a Truck Station rate of \$2.00 per 1,000 gallons. This rate is not listed in Appendix A in Case No. 4635. Is this rate the first step of the Field Service rate? If so, why was the second step dropped? If not, how did you arrive at the truck station rate?

Done at Frankfort, Kentucky, this 2nd day of November, 1983.
